

PAO :- there were several references to the bogey  
this is the unidentified object in addition to  
the particles which appeared to be headed in a  
polar orbit - you heard Frank Bowman  
say plus Jim Lovell describe discussing  
the boaster it was Bowman who reported  
sighting the bogey - this is General Contro in  
Houston at 4 hrs 24 min into the flight.

time:- 05 min: 34 sec.
