

Incident: 162

A bright object similar in shape to the moon but with a distinct bright center was observed by the master of the S/S "Gulfport". The object gradually grew darker as daylight faded. Size was that of 1/4 of a full moon. It was traveling southeast by west.

First bearing:	2220 GMT -	<del>altitude</del> 350°	
2d bearing:	2230 GMT -	<del>altitude</del> 358°	40.18
3d bearing:	2254 GMT -	050°	57.05

Disappeared at 2310 GMT.
