

Who, what, where, why are flying disks? The year's biggest mystery produced these Sunday photos while reports came from everywhere and everyone that the saucers were everywhere. Top left, a movie camera is fitted to a P-51 fighter plane at Portland, Ore., as Oregon national guard planes are made ready to chase the disks. Lower, Mrs. Walter Johnson (right) of Spokane, Wash., and her children pose and tell how they saw the saucers land on a mountainside in Idaho and

disappear. Right, is Father Joseph Brasky of St. Joseph's Catholic church at Grafton, Wis., with the disk he reported struck his church early Sunday. It turned out that the disk was a prankster made projectile, featuring a Dunlop circular saw blade. Note that something apparently took a glass ball off one of the lightning rods. A whole lot of Milwaukeeans reported that they saw the saucers traveling past Sunday night.
