*Flying Saucers*

Dear Mr Hoover:  
On today's paper, I see more news concerning the flying saucers. Now those one without a doubt from Russia. See they are likely checking how completely they can cover the U.S. in 1 shot. - I feel it is wrong for us to report areas in which they are seen.

In traveling I sat by a spiritualist I wasn't sure what she was - I talked to obtain much information as I could - I became interested when she said - Russia has a poison which she will place in an atom bomb that will destroy not one city but dozens of cities - So when ready the flying saucers <sup>performed</sup> a device which might destroy our whole country in one shot - See the flying saucers were reported in Mich. Ill. New Orleans - These horns- less discs are sent out to determine what area they cover - We are foolish to give
