Why do we wait till we are destroyed or
nearly so before we act -

If we aren't ready in 3 seconds the
next war will end all - I see it's see it all
clearly in these latest events -

Let our war dept. take notice - It's no time
to sleep - We should see that we get men - have
all our guns see for a moment's notice -

We must be ready. But can we afford
to wait if Russia plan destroying
us in one shot? Why not let her
have it and have it in big does
final - That's the only way I can
see us coming out of it at all -
Sincerely
