At 5:45 AM this date, SAC Hood telephonically contacted the Bureau and advised at approximately 11:30 PM, July 9, 1947, the office in Los Angeles had received information from the Resident Agent at Burbank, California, that a "flying disc" had landed in or near Burbank and had been seen to burst into flame when it landed. Further, that it had been the cause of a fire in some woods, this fire either in Burbank or possibly in the city limits of Los Angeles, which Mr. Hood could not be certain. The fire chief at Burbank had called the resident agent at Burbank and told him he would hold the disc for him.

Coincident with the information received from Burbank, the Los Angeles Office received calls from the newspapers requesting information. The newspapers stating they had called the Army Air Force Intelligence who had stated "we are not interested". According to Mr. Hood, this comment had aroused the newspapers and they stated they intended to publish this quotation and belabor same in their first issues. Mr. Hood stated that he had refrained from making any statement to the press other than to admit possession of an object and that it was being turned over to military authorities in the morning (this AM), it being Mr. Hood's opinion that he did not want any quotes in the press and certainly not one to the effect that we were not interested.

As described to him, Mr. Hood stated that the object was an aluminum disc about 2' in diameter weighing about ten pounds, painted with aluminum paint and having some sort of a radio tube in the center of the disc. This object was in possession of the resident agent at Burbank and would be turned over to military authorities (G-2) in Los Angeles this morning.

Mr. Hood's purpose in calling was to place the Bureau on notice regarding the above described object and any further information would be transmitted to the Bureau at once.

Action: None indicated.
