SAC Weeks called from New Orleans on the matter discussed in the attached teletype. He wanted to know what policy the Bureau was following in connection with reports concerning these "flying discs" which were being received.

I told Mr. Weeks that, unless advised to the contrary, he should, in the particular case at hand, allow G-2 to handle and not take any jurisdiction for the FBI. He was told the Bureau would be interested in being kept advised of developments, and in copies of the photographs he said G-2 would make of the object found, but that he should not allow himself to be jockeyed into a position where investigative responsibility, if any were entailed, would fall on us. Mr. Weeks said he would so handle unless I called him back immediately with instructions for specific action.

As you will recall, I called you concerning the foregoing.
