0 FLYING SAUCERS

Dear Sir;

I have been Police Chief of Princeton, W. Va. for a number of years and have been a member of that department for 22 years.

Sir I mention the above so that you will not think an idiot is writing.

You seemingly do not know or utterly disregard the following subject. I had hoped that you might make a statement before now on this subject. I have waited many years to see your opinion in print, but nothing of the sort has happened.

I am speaking of the UFO's or unidentified flying objects before long and it is a matter of time you are going to be scooped so to speak on this subject. Sir I happen to know they exist I have personally seen two of them. One of these sightings under low cloud cover in daylight. (I am not sure as to the cloud height). The other at perhaps two thousand feet altitude and appx. one mile off.

You may not be interested? But I think this may be vital to the security of the United States and if it is vital I am sure that you are now familiar with and working on this problem. B

If I am correct and these things do land I am greatly concerned as to what kind of reception they might receive from the inhabitation of this country. I am convinced after a great deal of thought that someone of your standing in this country should let the people know what is happening as regards these things.

PS. If this is out of your line of duty I am sorry to bother you.
