At 4:10 a.m., January 18, 1967, James C. Collins, 212 Sharon Drive, Chesapeake, Virginia, telephone 547-4648, advised that he desired to report that he had observed a large oblong-shaped object which alighted in the street in front of him when he was on his way home from his television repair shop, the Oak Grove T. V., 6424 Great Bridge Road, Chesapeake, Virginia. He believes that he was taken into this craft which he recalls as being made of a glass like substance and being transparent. It was manned by several individuals who appeared to be undersized creatures similar to members of the human race, probably not more than 4 feet tall. They were allegedly wearing regular trouser pants and T-Shirts. Collins believes that he was transported by this craft for an undetermined distance and returned to his point of take-off approximately one hour later.

Collins spoke in a coherent manner although he appeared to be under certain emotional strain. He claimed he had not been drinking any intoxicants but he was unable to account for the time between 8:00 p.m. and 4:00 a.m.. He stated he was telephoning from his workshop but had no recollection of being elsewhere between 8:00 p.m. and 4:00 a.m.

The above is being furnished for your information.

NOTE: Collins furnished information to night supervisor SA A. R. Ware, Special Investigative Division. A check of Bureau indices did not disclose any information which could be identified with Collins.
