Purpose and scope

This magazine has been dedicated to
MR. GEORGE ADAMSKI.

Mr. Adamski launched the IGAP - International Get Acquainted Program - in 1959, based on the philosophy that people in all parts of the world should be given the opportunity of knowing what is going on everywhere in the field of flying saucers. His hope was that as many as possible would discover the truth of the present age and turn to face the time to come - to learn to accept, through conviction, the fact that we are all citizens of the Cosmos and Children of the Cosmic Power whose Laws run through the entire Cosmos. These Laws we can learn to comprehend through study and understanding of the »Science of Life« brought to our attention by the presence of friendly visitors from other worlds.

The magazine is sent to civil and military authorities all over the world, to leaders in the United Nations, in the Vatican, in scientific circles, and to Press, radio and TV authorities.

The purpose of this magazine is to bring to everyone, everywhere, news of events from all quarters of the globe in all its varied aspects. This means any news that can possibly be of value in our endeavour to bring to mankind an understanding of what is going on in our world all the time. We shall try to detect any and every move in the direction of that truth which we have accepted, but which is not yet officially accepted or recognized in broader circles:

1. People from other worlds in our system are visiting our planet.
2. People from other worlds are in contact with certain political and scientific circles in East and West.
3. People from all walks of life, official and unofficial, all over the world, have been contacted by people from other worlds; such contacts have been kept secret so far.
4. The philosophy brought to the world by Mr. George Adamski is considered and aid helping to uncover the truth of our origin and our future destiny.

The magazine will make no attempt whatsoever to fight anyone, in spite of any action which might be launched against it. Only the truth, whatever its guise, will be brought to bear, to allow each to decide for himself what he can and will accept in this wonderful world on his march forward to new experiences.

This magazine is non-political, non-religious, non-sectarian and non-profit-making. We hope that you may profit from reading it, and that you will tell as many as possible about it, - especially if you find it of value. Please write to us if you find it without value or if you have any suggestions or comments to make.

Sincerely yours,
The Editors.

Dear Mr. Steckling:

Thank you very much for your letter and for your offer to show us your film. I am not really qualified to pass judgment on it, but it would be good to have the people here at Goddard who are look at it. May I suggest, then, that you give Mr. Penn Stevens, a call. He will make an appointment for you to come out to Goddard and show the Photographic Branch and me your film. Unfortunately we have no 8mm projector here, so I must ask you to bring your own. Thank you again for your offer.

Sincerely yours,
