Dear Sirs;

There currently ^{are} rumors over the grapevine and in print that suggest men with oriental features wearing dark clothes go around terrorizing people who have had close-up views of UFO's. It is also rumored these creatures have impersonated armed forces officers and FBI investigators. They are supposed to ride around in black or dark automobiles that either have old license tags or none at all. Several are reported to have attempted to run down witnesses of UFO sightings, made disturbing almost macabre phone calls, silenced several investigators who were supposed to have learned some dark secret about extraterrestrial craft or mission plans and opened mail, tapped telephones and even taken pictures of several homes where UFO witnesses lived.

Can you give me any information on such rumours?
Or can you refer me to a source whose facilities can answer my questions?
