After the observance of these phenomenon and hoping that I might have time to enlist further witnesses, I immediately ran into the dispensary to get personnel who are Medical Officers to verify, for my own curiosity, the actual observance of these objects, but by the time I reached the back porch of the dispensary, Mrs. A. C. Naum, who is a registered nurse, and about seven (7) other personnel were with me, the objects, had by that time, disappeared, due to the speed with which they were traveling. Upon further investigation, two (2) of us at the same time sighted another object of a silver spherical or disc-like nature at approximately eight thousand (8000) feet, traveling in circles over the North-end. I called the objects to the attention of Mrs. Naum and pointed it out to the other personnel standing near by. All of us saw the object, with the exception of two (2) out of seven (7) personnel. All of us looked away from the object several times to make sure there was no eye strain or from permitting the object to become an optical illusion.

From my actual observance the object circled in too tight a circle and too severe a plane to be any aircraft that I know of. It could not have been any type of bird because of the reflection that was created when the object reached certain altitudes. The object could not have been a local weather balloon for it is very impossible that a weather balloon would stay at the same altitude as long and circle in such a consistent nature as did the above mentioned object.

I am familiar with the results of too constant vision of the sun or any bright object and am aware that optical illusions are possible and probable. I wish to make this statement that the above mentioned observance was that of actual subject matter.

This statement has been given freely and voluntarily without any threats or promises under duress. This statement consists of two (2) pages, and is the truth to the best of my knowledge and belief. I have initialed all corrections deemed necessary.
