In the January, 1948, copy of "Amazing Stories" magazine; published by Ziff-Davis Pub. Co. (one office in Washington, D.C.); my letter was printed under the heading of "Flying Saucer Witness" (page 167). Here is a copy of it:

Sirs:

I have just finished reading the October issue of "Amazing Stories", in which you ask for "flying saucer" information.

Here is what I know: On June 28, 1947, at 3:43 P.M. my brother saw the flying saucers - about seven to ten of them - which flew directly over our house. He said they went like "blue blazes" - didn't make any noise and were heading approximately South. (Rockfield, where my brother's farm is, is just 16 miles northwest of Milwaukee.). But what is really strange is that same afternoon the discs were seen over Illinois (they must have been the same ones). This information was given on June 29th - Sunday - over WGN - "The Latest News" at 8 to 8:15 A.M. with Charles Sebastian. He reported that the discs had been sighted over Illinois the preceding afternoon.

Perhaps the information is valueless to you. At any rate please keep this confidential. Our neighbors think we're slightly "queer" to have seen the discs. (I didn't see them but I believe my brother.)

I have been following the Shaver
