Re: FLYING DISCS
Security Matter - X

Dear Sir:

I am transmitting herewith for the information of the Bureau copies of an enclosure dated February 4, 1948 received from Lieutenant Colonel DONALD SPRINGER, A-2, United States Air Force, Hamilton Air Force Base, California. This enclosure is a confidential letter addressed to the Commanding Generals of the First, Second, Fourth, Tenth, Eleventh, and Fourteenth Air Forces, Air Defense Command, from Headquarters, Air Defense Command, Mitchel Air Force Base, New York, by command of Lieutenant General STRATEMEYER. It concerns the investigation of flying discs by Air Force personnel.

Your attention is particularly called to Paragraph 2, which indicates that certain reports concerning the investigation of flying discs by Air Force Intelligence will be reported to the FBI office concerned. Your attention is further called to Paragraph 2-B, which indicates that "investigations will be coordinated with the FBI Office concerned....."

Inasmuch as these recent instructions of the Headquarters, Air Defense Command, Mitchell Air Force Base, New York, are contrary to the instructions contained in Bureau Bulletin No. 57, Series 1947, dated October 1, 1947, in which it is indicated that all future reports connected with flying discs should be referred to the Air Force and no investigative action taken by Bureau agents, the Bureau is requested to advise this office, as well as other interested Bureau offices, as to whether there has been a change in Bureau policy with reference to the handling of such matters or whether Bureau Bulletin No. 57 dated October 1, 1947 is still in effect.

Very truly yours,

Harry M. Kimball
