

Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

FROM : SAC, New Orleans

SUBJECT: FLYING DISCS

DATE: June 2, 1949

Re SAC Letter 38, dated March 25, 1949 entitled as above.

The Bureau is advised that through the Office of Naval Intelligence, New Orleans, Louisiana, this office has been advised that within the past ten days three sightings of flying discs have been reported in the City of New Orleans. The information seems to be that the single discs were in straight flight and traveling in a general direction of North, in late afternoon, about the size of an observation plane, but the shape of a saucer. The Navy stated that two witnesses have advised that the object was traveling end over end; that weather conditions were good; that sightings were made outdoors by persons who did not wear glasses; that the dates were May 18, 19 and 23, 1949. The Navy states that it was possible these objects were weather balloons, but that these are used from only one airport, released over an hour before the times of sighting and would generally be out of sight in a few minutes.

The above is being furnished the Bureau for future reference since the Navy has informed that all three instances were investigated by the Army Intelligence.
