

# The Amazing -FLYIN-SAUCER

## GREAT FUN FOR THE WHOLE FAMILY!

FLYIN-SAUCER performs in an amazing way as you develop your skill in flying it. A novel way to play catch. You will think of many games to play. Adaptable to almost any game.

## HOW TO FLY

Launch your FLYIN-SAUCER straight ahead with a snap of your wrist making it spin as fast as possible. DON'T THROW TOO HARD. . . . It's the spinning that gives it lift. Begin by flying about 10 feet. When windy, throw across the wind. You will quickly learn how to bank to the left or right.
