I took a call from Ernest ~~Cuneo~~ by reference from your office. He referred to his call of last Saturday relative to a letter Mr. Winchell received from a man in Los Angeles concerning flying saucers. He stated that Winchell wanted to do a column on this letter if the Bureau had no objection.

I told him that whatever he did with reference to writing the story concerning this letter was entirely up to him and would in no way affect anything the Bureau was doing. I suggested that he might desire to check with the Air Corps inasmuch as the handling of flying saucers was a matter of primary interest to them. He stated, "To hell with the Air Force. He just didn't want to release the information if it would affect the Bureau".
