Re: - Flying Saucers

Gentlemen: - With the persistent debates pro +
Con on the above. It sort of annoys me
and since I have an opinion of inter-
national nature, I'd feel pretty
bad if I happened to be right and
it resulted in harm to my country.
I realize I might be wasting your
time (my theory perhaps having
been considered and discounted) but
on the other hand if it's a new
angle it might bear investigation.
