The reason for having you check these I don't trust anybody unless you say ok. I won't make any claims but try to furnish proof that I know more about flying disc than anybody they have found yet. I will send more dates ~~but~~ from time to time to prove what I say. All I ask is that if any was sure please give place time and date so I can check. My best. And above all I don't want any snooper's around my place. Also I ask you please not to tell anybody for their maybe a lot of things I will tell you after while. I don't want any dates before Jan 25<sup>th</sup> 1950. Please make sure that anyone checking the dates is 100 percent American. (over)
