Reference is made to my memorandum of March 3, 1950, reflecting a call from SAC Robey, of Knoxville, in the above-entitled matter.

On the morning of March 6, 1950, I called SAC Robey to ascertain what he had found out concerning this matter. He advised that a teletype had been sent reflecting that there was some question of Adcock's reliability and knowledge on radar theory; that CIC and OSI are continuing their interest in the matter; and that the CIA technician from Washington had not arrived.

SAC Robey will report any further developments.
