Flying Saucers

Gentlemen:

I saw Ubaldey last Saturday in Willits, before he got on the bus to go to Eureka. I went to Willits for the mail for my son-in-law.

In our talk he said well if

there is anything in the drawings of the mechanism of the saucer that will help you along on your cosmic ray engine use it - here are the drawings look them over and if you can find anything to help you o. k. These drawings are made in Russian I think so I could not read the instructions or lettering a but I did see and he explained to me the centrifugal force that pulls the saucer and its inside the saucer
