

attached. I really do not know our engineers can
do that out so I am sending a set of drawings
free hand and these are in detail just exactly like
the Russian drawings - so these look a lot better
than those I mailed out Sat. and Ubalsty said
after I studied them for quite a spell - that he
was brushing me - and should I open my mouth
or tell any one of the mechanics I saw in them
~~sources~~ I would be taken care of an damn fast - so
that's that. When you get these drawings go to the military
officials and don't get me in duteh I know you will not
for my life is the price I would pay - sooner or later
if the commie agents figured I had give this away and
do not have any F.B.I. men tagging me that would look
suspicious to the commie agents. I am taking a hell of
a chance and I want some more information get from them
and I will pass it along to you as fast as I get it
