J. Edgar Hoover:

W. Ark  
Would like to express  
my opinion on the flying  
saucers, and guess it will  
be as good as some die  
read.

OF LYING SAUCERS

I can't remember of hearing  
any thing about them  
until television came  
into existence

I wondered if the rays  
could be strong enough li  
to give off a bright  
object looking apparition

No, special reason for  
sending you my idea  
just couldn't think of any  
one else to send it to.

Sincerely

Florence Whitish
