

Man-made flying Saucers possibly could be used in conjunction with atom and hydrogen bombs or to destroy them. Astronomers could use the information to predict about other planets or planetary warfare. This information could be of use in a trip to the moon.

Does the Air Force wish me to keep my impressions to myself or shall I give a statement to the press? My country comes first if the information should be kept secret.

I signed my other letter "respectfully". When a lady from Virginia pays her respects to the Air Force she expects the Air Force to pay its respects right back to her.

Respectfully,

Mrs. Nellie T. Dull
