Dear Sir:

0 Flying SAUCERS

(y)

As a retired member of the St Paul Police Force and having had numerous pleasant contacts with Agent Clintonstein and Samy Hardy, I take the liberty of an opinion that came to me that the flying saucers scare seems possible that the released energy of exploded Atomic Bombs could be soaring around in the atmosphere. I know you can channel this thought to the proper authorities and certainly would appreciate your comments on this thought.

I am a Veteran of both World War #1 and #2 and also a member of the American Legion for 32 years. I am presently a member of The American Legion Post #81 of Mauston, Wisconsin which is known as the Burton-Koppang Post.

If this thought is instrumental in tracking down the source of this scare thereby relieving some of the tension to our American Country, it may be worth following up at this time.

Thanking you very much for your cooperation and consideration in this matter and will you please acknowledge and advise your comments.

Yours very truly,

*Edmond J. Kane*
