Dear Mr Hoover:

I don't know if you analyze articles
so will send you a sample of (something that
looks like tinsel) because ~~we~~^{my uncle} found it
in a pasture in a round pile, under-
neath of it, it looks as tho the flower was
burned. & there are 3 similar patches which
are burned in a triangle form. Last Sunday
morning the neighbors wife got up for
a drink of water & happened to see a steady
white light circling their farm, but didn't
pay any attention to it. Then Sunday morn.
when ~~we~~^{my uncle} went to get the cows, ~~he~~ saw
this stuff shining in the ~~sun~~ light. It couldn't
of been dropped out of a plane as it was
loose & not in a container. The nearest road
is about a 1/2 mile from the pasture & now we
are wondering what it is. So would like to
ask 8/22/52 LM
