Dear Mr Hoover:

I don't know if you analyze articles so will send you a sample of (something that looks like tinsel) because my uncle found it in a pasture in a round pile, underneath of it, it looks as tho the clover was burned. & there are 3 similar patches which are burned in a triangle form. Last Sunday Morning the Neighbors Wife got up to get a drink of water & happned to see a steady white Light circling their farm, but didn't pay any attention to it. Than Sunday morn. when my uncle went to get the cows, he saw this stuff shining in the Sun light. It couldn't of been dropped out of a plane as it was loose & not in a container & the nearest road is about a $\frac{1}{2}$ mile from the pasture & now we are wondering what it is. So would like to have you analyze it & let me know.

Sincerely yours,

/s/ Wm Hoffmeyer
