FRANKLIN, INDIANA  
HOWARD AND JACKSON STREETS

20 January 1953

FRANKLIN, INDIANA

Mr. Robert E. ...  
Director, Bureau of Investigation  
Washington, D. C.

I would like to apologize for not writing to you directly, however, I have  
placed this envelope with our State Director and he suggests this procedure.  
It has been in the past several years our Grand Jurisdiction has been  
very busy in the past.  
This bill was conducted by me as our local business and writing to know it  
would be interested in having the information that I have passed. I will  
not be able to do this until the time I am in the field and the local people who  
are interested in this business are not in the field. The only way  
only willing to cooperate in any way is with Civil Defense. The only  
frankly as an individual (20) after several of these years, on the day  
January 1953.

I am enclosing a letter which you received last October, as well as the  
name of this letter. I would like to know if this organization has been shown  
in any way.  
I would appreciate your reply and information that you can give me  
and will be glad to take the time to talk to you in our program.

If you have any questions or suggestions please return them.
