Dear Mr. Woodfill:

RECORDED-34

Your letter of June 30, 1953, was brought to my attention upon my return to the city, and I want to thank you for making this information available to me.

I wish to advise that the situation which you discuss in your letter does not pertain to any matter within the investigative jurisdiction of the FBI. Obviously, therefore, no representative of this Bureau conducted the interview with Mr. Stevenson which you describe relative to "flying saucers."

Sincerely yours,

J. Edgar Hoover

NOTE: Mr. Woodfill's letter of June 30, 1953, stated that a farmer named Stevenson of Circleville, Ohio, had reportedly seen a flying saucer and had been subsequently interviewed on the matter by representative of the FBI. Mr. Woodfill desired to know if this were true.

Bulet of July 9, 1953, to him was an "in-absence" reply, containing a note for SAC, Cincinnati to determine the basis of the rumor. Cincinnati letter of July 15, 1953, indicates that Stevenson was interviewed on July 14, 1953; at that time Stevenson indicated that he had been interviewed on the subject by one Jack W. Grant of Columbus, Ohio, who made the statement that he (Grant) had once been "checked" by the FBI. Cincinnati files reflect no prior interview with the farmer, who is Bruce Stevenson, Rural Route 2, Circleville, Ohio.
