**EXCLUSIVE:** PRIVATE TALK WITH LT. COLONEL JOHN O'MARA, DEPUTY COMMANDER, INTELLIGENCE, CONFIRMS THE EXISTENCE OF "FLYING SAUCERS" -- TRUTH MAY BE BARED SOON AS "TECHNICAL DATA" REACHES THE AIR FORCE. AIR FORCE PLANS COOPERATION WITH PUBLIC.

The greatest story involving Earth and Space may soon be told. The "silence" group -- that official fear-faction of the Air force -- who for years fought to keep the truth from the public has now lost its anaconda-hold on accumulative evidence. Stimulated by recent events, the triumphant fearless-faction of the Air Force will take the benighted public into confidence. As Col. O'Mara intimated: we want to cooperate and dispense with the misconception that "flying saucers" do not exist. Here is the essence of Col. O'Mara's statements, 9/21/54:

Flying saucers "do exist" the Colonel told me, and he added, in effect, past contradictions were unfortunate. At this point I asked the Colonel if there were two breakdowns of saucers . . . the interplanetary device and the secret American missile. I was first corrected on the term "missile", then the Colonel said he believed there were "three breakdowns" -- the third, "natural phenomena." By such an admission, we therefore have these three breakdowns . . . 1) the controlled "saucer" from outer space. . . 2) a secret American saucer-like device and 3) unexplained natural phenomena.

When I tried for a committal statement on the interplanetary "saucer" I was, as expected, rebuffed, but was told that in their research they were "gradually getting more data." Then for corroboration, I asked if all the saucers seen by Americans were American devices and to this the Colonel replied: "Definitely not! Something does exist," he said, which, of course, is diametric to all A. F. statements following Major Keyhoe's book. In this respect, the Colonel intimated that the A. F. plans to cooperate with the public . . . and a statement will be forthcoming from the Defense Dept. which will explain some of the past contradictions and release the details behind many of the sightings. When I asked, again, about the 700 sightings a week, he told me that this would be covered in the A. F. release.

Col. O'Mara and I discussed many sensitive issues. Although he spoke guardedly, the Colonel was wonderfully cooperative, and I could well appreciate his position in relation to official security. When, for instance, I asked about the Earth Satellites, and the theory indicating they were "rocks" ( see page 3) he replied that he has not received word they were "rocks." He said the scientist in White Sands "are still working very hard and have lots of things to work on." When I asked about the silent Mars Committee he explained that the astronomers have not issued a report because "they are in disagreement" as to what they found.

In my 26 minute talk with the Colonel we also discussed saucer hostility, mysterious plane crashes, the Atlantic problem, and, whether or not the CRIFO Newsletter was slanted in the right direction. Re: the latter, the Colonel said, in effect, that it ( the Newsletter) was in the right direction . . .

Editor's Note: Our Newsletter, due to above information, was revamped the last minute. What was the first page is now the second, et al.
