Dear Mrs. Hoover - CATHERINE
~~X AUGHEN BAUGH~~

I am writing to you with an
urgent request since my previous
letters to the President have been
ignored.
Flying Saucers

Despite all the ridicule
regarding Flying Saucers - they are
real - Furthermore their source
and activities are incredible
and a serious threat to our
country, and all countries. W

I have promised that if
the President would send
4 to 1000 men he considered
sane, with good peripheral
vision and the ability to follow
