Mr. STRINGFIELD was also the publisher of a paper called the "Orbit", which carried the following heading: "The official publication of Civilian Research, Interplanetary Flying Objects". The "Orbit" was a monthly publication which carried information and intelligence research by STRINGFIELD on flying objects. According to STRINGFIELD, the "Orbit" had a limited circulation.

EXP. PROC.

In connection with Dr. REICH's letter, STRINGFIELD stated that prior to the receipt of the letter he received a long distance telephone call from Dr. REICH on March 12, 1957. This call was received by him in the early morning prior to his departure for work. He related that Dr. REICH was a subscriber to the "Orbit" and that during the phone conversation she made reference to some of his reports which he had published in the "Orbit" and for the most part spoke on matters that were "over his head" and things that he did not understand. According to STRINGFIELD, she concluded the conversation by stating she would write him a letter, which letter was the reason for his call on the FBI.
