

Director of Special Investigations

"As a civilian body of investigators, we hope to unravel the snarled mess that shrouds the U.F.O. question, and with the help of the newspapers and the public, where can we fail?

"We will be grateful if you will publish the enclosed appeal on the front page of your newspaper, in a conspicuous enough manner that no one will fail to notice it. It is the public we must depend upon to get thoroughly organized, and with this co-operation we are certain that we can find the answer to the riddle of the 'Flying Saucers.'

"If a Filter Center has been established in your state or province, this form letter will carry its address which should replace the headquarters address given on the enclosed 'Public Notice.' If no such filter center address is given, then the original headquarters address should be used.

"We wish to thank you for any assistance you may be able to give us in this respect. Later established filter center addresses will be sent to you for public attention in the event of unusual sightings, that may come to your attention.

"Respectfully,

/S/ R. T. STONE

"For the Inter Continental Aerial
Research Foundation"

Attached to the letter was the notice which it was requested be published. This notice is as follows:
