

Memorandum to Mr. Donahoe  
RE: FLYING SAUCERS

Neither Agents Handbook nor manuals contain instructions regarding handling of reports of sightings of unidentified flying objects although policy has been well established by above Bureau bulletins and SAC Letters and no problems have arisen in connection with this matter. Air Force has on several occasions assured that Bureau will be advised of any developments of interest to us. Last such assurance given 11-12-57 (62-83894-387).

Our liaison with Air Force on this matter is with OSI although within Air Force this matter is handled by Air Technical and Intelligence Center, Wright-Patterson Air Force Base, Ohio.

ACTION:

For your information. There appears to be no necessity for further instructions to the field or insertions in the Handbook or manuals at this time.
