Gentlemen: *Flying Saucers*

Enclosed you will find "News Releases" from a group calling itself Aerial Phenomena Research Group, in Seattle, Washington.

I am wondering if this is a legitimate organization or a phoney, particularly because it is indicated that certain "flying objects" might originate from "other planets."

If you have any information as to the reliability of this organization would you please so inform me?

With all best wishes, I am,

Sincerely,

M.A. Wolcott
