

SPACEPROBE	Non-orbital space operations
ST	Special Test
STEX	Space Technology Experiment
STM	Special Test Missile
STP	Special Test Program
STREP	System Technology Reentry Experiments Program
SWAS	Submillimeter Wave Astronomy Satellite
TAC	Tactical Air Command
TARGET	Missile target for surface-to-air/air-to-air missile firing practice
TAT	Thrust Augmented Thor
TD	Technology Demonstration
TDT	Target Development Test
TDV	Technology Development Vehicle
TERRIERS	Tomographic Experiment using Radioactive Recombinative Ionospheric EUV and Radio Sources
TIP	Transition Improvement Program
TOMS-EP	Total Ozone Mapping Spectrometer-Earth Probe
TREP	Thrusted Replica
TP	Test Pad
TRACE	Transition Region and Coronal Explorer
UTE	Unified Test Equipment
WIRE	Wide Field Infrared Explorer
