

ANNUAL LAUNCH SUMMARY BY BOOSTER

Chart III  
1999 - 2018

LAUNCH VEHICLE	99	00																			SUB TOTAL	GRAND TOTAL	
AMROC																						1	
ARGO-B																						3	
ASTRID																						1	
ASTROBEE 1500																						3	
ATHENA II (Formerly LLV)	2																				2	4	
ATLAS D																						91	
ATLAS E																						39	
ATLAS F																						80	
ATLAS H																						5	
ATLAS/AGENA A																						2	
ATLAS/AGENA B																						16	
ATLAS/AGENA D																						43	
ATLAS/BURNER II																						2	
ATLAS/PRIME																						3	
ATLAS IIAS	1																					1	
BLACK BRANT III																						2	
BOMARC A																						56	
BOMARC B																						31	
CASTOR/SCRAMJET																						1	
DAC ROC																						2	
DEACON ARROW II																						4	
DELTA																						7	
DELTA II	2																				2	16	
GLCM																						1	
HONEST JOHN/NIKE/NIKE																						3	
KIVA/HOPA																						9	
MINOTAUR		1																				1	
MINUTEMAN A (I)																						50	
MINUTEMAN B (II)																						267	
MINUTEMAN F (III)	1	1																			2	167	
MINUTEMAN G (III)	4																				4	230	
NIKE/AEROBEE																						4	
NIKE/ASP																						12	
NIKE/CAJUN																						3	
NIKE/JAVELIN																						2	
NIKE/VIPER I																						4	
PAIUTE TOMAHAWK																						1	
PEACEKEEPER	1																				1	46	
PEGASUS XL	2																				2	13	
SCOUT																						69	
SCOUT JUNIOR																						11	
SEAGULL																						1	
SERGEANT/LANCEA																						2	
SMALL ICBM																						2	
TAT/AGENA B																						1	
TAT/AGENA D																						63	
TAURUS	1																				1	4	
TERRIER/ASP IV																						2	
THOR (IRBM)																						22	
THOR/ABLE-STAR																						8	
THOR/AGENA A																						15	
THOR/AGENA B																						41	
THOR/AGENA D																						22	
THOR/ALTAIR																						6	
THOR/BLOCK 5D-1																						5	
THOR/BURNER II																						12	
THOR/BURNER IIA																						8	
THOR/DELTA																						33	
THORAD/AGENA D																						43	
TITAN I																						20	
TITAN II																						58	
TITAN II SLV	2																				2	9	
TITAN IIB/AGENA D																						68	
TITAN IIID																						22	
TITAN 34D																						7	
TITAN IV	1																				1	9	
UTE/TOMAHAWK																						1	
SUB TOTAL	17	2																				19	1,790

NOTES: The Athena rocket was formerly called LMLV (Lockheed Martin Launch Vehicle). The name was changed in September 1997. Nicknamed Minotaur, it was officially called, "Orbital Suborbital Program Space Vehicle."
