

Tape 5/4

00 03 38 01 CC Roger. Cut in.

CMP Every once in a while, a fragment of considerably higher velocity than the others goes across my window. But that's very rare.

CC Roger.

CMP Hey, that's that field of view I saw out my window. Jack, do you see it now?

LMP Yes.

CMP And, Bob. At least, there - there's no apparent relative motion between fragments.

CC Roger. Understand.

CMP I'll take two pictures about a minute apart if I can. And it'll be Frame 70.

CC Okay. Frame 70.

CDR And, Bob. This is Geno. My impression is that they are - flat, flakelike particles. Some may be 6 inches across. And, although there's no relative motion between the two, most of them seem to be twinkling. And I think, for the most part, they're all moving away from us.

CC Roger, Gene. Thank you.

00 03 39 35 CMP Okay. We've got 0180 and 0 on the old thumbwheels.

LMP Okay.

CC Roger, Ron.

00 03 39 53 CMP Okay. TRANS CONTROL is ARMED.

LMP ... two ARMED.

00 03 39 57 CMP CONTROLLER number 2 is ARMED.

LMP ... SECS LOGIC ...
